[www.quiss.co.uk](http://www.quiss.co.uk)

As a Chamber member, you are entitled to a free IT consultation. We will advise you on the best options for your business and give you the information you need to get you up and running in next to no time. You will be surprised what you can achieve in a small space of time!

From the consultation, we will be able to answer questions such as:

1. How fast could I have an IT infrastructure for my new business?
2. What do I need to have in place ready to start the process?
3. How will this solution grow with my business?
4. My business will require specific applications and I need them asap. Is this achievable?
5. My business will be ruled by certain legislation. Will my IT meet regulations that I have to adhere to?
6. What are the ongoing costs now and as I grow?
7. I cannot afford to employ an IT person. Can this be a completely managed service? Yes...Quiss can help!

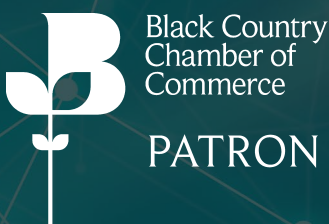

## Quiss Technology

Quiss Technology provides a comprehensive range of hosted and on-premise IT and telephony support solutions for businesses.

Launched in 1988, we are proud to have been the first UK IT service provider to achieve ISO27001: 2013 giving our customers peace of mind that their data is secure.

Our clients also benefit from the support of our 35 strong support team of helpdesk engineers, field service engineers and network specialists all over the country to support their IT infrastructure.

This service is free to Chamber members only.
